Add Search Tags to the Digital Images

Tags are the names of people, locations or other descriptions that are included in the digital file. Photo cataloging software, such as Picasa or iPhoto use these tags for searching and album creation. Call for pricing.

Digital Slide Shows

Slide shows are created from your photos and either uploaded to a cloud service such as Google Photos, or provided on a flash drive. We can also provide DVDs of your show for an additional \$20. Scanning is extra.

Slide Shows	
Up to 15 minutes	\$75.00
Up to 30 minutes	\$100.00
Music (client CD provided)	\$3.00/song
Music (we download song)	\$5.00/song

VHS Tape Transfers (full size, VHS-C and 8mm)

VHS Conversion	
Tape to Flash Drive	\$25.00
Tape to DVD up to 2 hours	\$30.00
Additional DVD	\$20.00 additional
Damaged tapes	Minimum \$30.00

Physically damaged tapes can be repaired before digitizing. It is usually best to give us the VHS player so that stuck tapes can be removed. Damaged tapes will incur a separate charge.

Photo Repair, Restoration and Coloring Services

are quoted individually. Restoration of faded and discolored photos start at \$30.00 per photo, depending on the condition of the original. Tears, stains and other damage repairs will be quoted after the photos are examined.

Colorizing is based on the complexity of the photo and is priced separately, and the minimum charge is \$50.00 in addition to any restoration.

Prints are available in dozens of formats (photographic, art, canvas, metal, etc.) and are market priced. We use a professional photographic lab for these prints.

Photo Editing Services,

such as removing people and items from photos, combining photos, adding or removing backgrounds will be quoted individually. We use Adobe® Photoshop® software.
